Facilities

Diamond Beauty College occupies a floor space of approximately 6,500 square feet, which is divided into reception area, offices, dispensary, theory and practical classrooms, clinic, student lounge, library, and restrooms.

Students with Disabilities

It is the policy of Diamond Beauty College (DBC) to comply with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, which are Federal laws that prohibit discrimination on the basis of disability, as well as California laws that prohibit discrimination on the basis of disability. DBC does not discriminate on the basis of disability against a qualified person with a disability in regard to application, acceptance, grading, advancement, training, discipline, graduation, or any other aspect related to a student's participation in a program of DBC. This applies to all students and applicants for admission to DBC. DBC will provide students with disabilities academic adjustments, auxiliary aids and reasonable accommodations that are necessary to ensure students are not denied the benefits of, or excluded from participation in, DBC programs. DBC will make reasonable modifications to its academic requirements that are necessary to ensure that the requirements do not discriminate against students with disabilities. DBC will ensure that it provides physical access to students with disabilities. It is also the responsibility of DBC to permit students with disabilities to use service dogs on campus. The person responsible for implementing these responsibilities is the Academy Director at each campus. When a student informs a School staff member that the student is disabled, or needs accommodations or assistance due to disability, the staff member will refer the student to the Academy Director.

However, prospective students should consider the reality that the professional in the beauty field must be in good physical health for he/she will be working in direct contact with patrons. In most aspects of the beauty field, there is a great deal of standing, walking, pushing, bending and stretching, sometimes for long periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill training demands.

Family Educational Rights and privacy Act (FERPA)

All information in the student files would be available to any governing state agency, accrediting agency and federal agency during the process of reviewing the school's normal approvals, accreditations, eligibilities, and other matters conducted by those agencies without the specific consent of the student and/or parents.

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

School officials with legitimate educational interest;

Other schools to which a student is transferring;

Specified officials for audit or evaluation purposes;

Appropriate parties in connection with financial aid to a student;

Organizations conducting certain studies for or on behalf of the school;

Accrediting organizations;

To comply with a judicial order or lawfully issued subpoena;

Appropriate officials in cases of health and safety emergencies; and

State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

CONSTITUTION DAY AND CITIZENSHIP DAY

Pursuant to legislation passed by Congress, educational institutions receiving Federal funding are required to hold an educational program pertaining to the United States Constitution on September 17 of each year.

Diamond Beauty College presents programs pertaining to the United States Constitution on September 17 of each year.

COPYRIGHT INFRINGEMENT POLICY

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work.

In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Peer-to-peer (P2P) is a method of file sharing that allows normal users ("peers") to connect directly to other users to share files. This can be contrasted with a server-based distribution method, where users connect to a server (such as a web server via their web browser) to download files. P2P typically requires a "client" – a software program installed on their personal computer – to share files. Examples of clients are Kazaa, Limewire, BearShare, etc. and the various BitTorrent clients. These clients connect to other clients over the Internet and allow users to send files that they have marked as "shared" to other users, as well as to download copies of files that other users have shared. Because of its decentralized and unregulated nature, peer-to-peer file sharing is often used to share copyrighted works that those sharing the works do not have the right to share. However, it is important to remember that *peer-to-peer is not anonymous, not secret, and can be unsafe*.

Using peer-to-peer software is a risky venture. Installing peer-to-peer software can expose your computer to attack, and using P2P software to share copyrighted works violates DBC's Copyright Infringement Policy and various copyright laws, all of which have serious consequences.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

The college may make computers available to students in a Resource Room. However, the use of the computers is limited to text-editing programs and/or digital media that the college has created internally or have permission to use from publishers of student textbooks. Internet access is blocked for most sites except for the college's webpage.

The college does not tolerate unethical conduct in regard to cheating, plagiarism, copyright infringement, falsification or misrepresentation of material information in any records, financial documents or sign-in sheets, whether inadvertent or deliberate.

Engaging in the unauthorized use or distribution of copyrighted material may result in probation, suspension, or termination/expulsion.

Diamond Beauty College (DBC) adheres to all requirements pertaining to the protection of student information. Our FERPA Policy, with information about Student Records and confidentiality can be found at page 9 of this handbook.

There are limited exceptions to FERPA regulations under which DBC is permitted to disclose education records or personally identifiable, non-directory information from education records in connection with a health or safety emergency without student consent.

The situation must present imminent danger to a student, other students, or members of the school community in order to qualify as an exception. This action is not taken lightly and only under circumstances that present imminent danger.

Protection of Personally Identifiable Information

Personally Identifiable Information (PII) is defined as any information that permits the identity of an individual to be directly or indirectly inferred, including any information which is linked or linkable to that individual regardless of whether the individual is a U.S. citizen, lawful permanent resident, visitor to the U.S.

Massage Therapist

Physical Demands and Safety Requirements of the Profession

Because massage is physically demanding, massage therapists can succumb to injury if the proper technique is not used. Repetitive motion problems and fatigue from standing for extended periods of time are most common. This risk can be limited by use of good technique, proper spacing between sessions, exercise, and in many cases by the therapists themselves receiving a massage on a regular basis.

Because of the physical nature of the work and time needed in between sessions, massage therapists typically give massages less than 40 hours per week. Most therapists who work 15 to 30 hours per week consider themselves to be full-time workers, because when time for travel, equipment set-up, and business functions, such as billing, are added, a massage therapist's hours per week may very well be more than 40 hours.

Licensing Requirements

A Massage Therapist certificate will be granted by California Associate Massage Therapy Counsel (CAMTC) only after the student has successfully completed and graduated from the course and passed the FSMTB Massage & Bodywork Licensing Examination (MBLEX) with an overall average of 70%.

Transferability of Credits Earned

Students previously enrolled in an accredited school of Cosmetology may submit their academic records to Diamond Beauty College for review and possible transfer of credit. In lieu of accepting transfer credit, the College may:

- 1) Accept the transfer credit based upon a review of the official transcript from an accredited institution provided those courses are part of the College's approved curriculum for that program of study and/or
- 2) Administer a comprehensive exam for each course that measures and affirms the student's previous education. A score of 75% or better is required for each such exam in order to receive credit for that particular course. It may be necessary to administer a series of examinations both in theory and hands-on in order to validate the granting of credit for previous education. If a satisfactory result is achieved, the student's training period may be reduced proportionately. Students who are granted such credit may have their tuition reduced proportionately.

All out of state applicants must furnish the FORM B of credit hours from the California Board of Barbering and Cosmetology and it must be notarized from the previous school you attended.

The transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted.

The college does **not** charge for assessment of student's previous training.

The college does **not** offer credit for experiential learning.

"NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Diamond Beauty College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma or certificate you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the diploma or certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Diamond Beauty College to determine if your diploma or certificate will transfer."

The college has not entered into an articulation or transfer agreement with any other college or university.

Withdrawal and Refund Policy

Diamond Beauty College's withdrawal and refund policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure. The college's withdrawal and refund policy complies with mandated policy of all federal and state regulatory agencies such as UDSE and BPPE. The college complies with applicable regulations of the federal student aid programs under Title IV of the federal Higher Education Act of 1965.

STUDENT'S RIGHT TO CANCEL

The student or legal guardian has the right to cancel the enrollment agreement and obtain a refund of charges paid except a \$150.00 non-refundable registration fee through attendance at the **first class session (first day of classes)**, or the **seventh day after enrollment (seven days from the date when enrollment agreement was signed)**, whichever is **later**.

Cancellation shall occur when the student or the legal guardian gives signed written notice of cancellation at the institution's address. You can do this by mail, hand delivery, or telegram. The written notice of cancellation, if sent by mail, is effective when it is deposited in the mail properly addressed with prepaid postage. The written notice of cancellation need not take any particular form, however expressed; it is effective if it shows that you no longer wish to be bound by the enrollment agreement. On the first day of class, you will be given two notices of cancellation forms for your use if you decide to cancel, however, you can use any written notice that you may wish. You do not cancel the contract by just not attending classes.

Determination of Withdrawal or Termination from School

The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn or terminated from school on the earliest of:

The date you notify the Registrar office of your intent to withdraw. Only the Registrar office would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week period (14 days) and fail to inform the school that you are not withdrawing. (Unofficial withdrawal) The college monitors attendance at least once every two weeks.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA. If a student on an approved LOA notifies the college that he or she will not be returning, the date of withdrawal determination is the earlier of the scheduled date of return from LOA or the date the student notifies the college that the student will not return.

Refund Policy

After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the enrollment period in the entire course has incurred **(including absences)**, there will be no refund to the student.

A registration fee of \$150.00 and STRF fee is non-refundable item. Equipment, books, supplies, tools, uniforms, kits and any other items issued and received by the student would not be returnable. Once received by the student it will belong to the student and will represent a liability to the student.

If you cancel the agreement within cancellation period, the school will refund any money that you paid, less any deduction for registration fee and equipment received. If you withdraw from school after the cancellation period, the refund policy described above will apply. The college will perform refund calculation within 6 weeks of official withdrawal. If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made as soon as possible but no later than 45 days after determining the student has withdrawn. See Refunds section below. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the institution to pay that balance. Official withdrawal date is on the student's notification or school's determination. If you have received federal student financial aid funds, you are entitled to a refund of moneys not paid from federal student financial aid program funds.

Rejected Enrollment: All funds paid except a non-refundable registration fee will be returned if the student is rejected for enrollment.

Course Cancellation: If a course is canceled subsequent to a student's enrollment and before instruction in the course has begun, the school shall at its option: 1. Provide a full refund of all money paid; or 2. Provide for completion of the course at schools in the neighborhood.

School Closure: If the school closes subsequent to a student's enrollment and before instruction in the course has been completed, the school shall at its option: 1. Provide a pro-rata refund of all money paid; or 2. Provide for the prompt completion of the course at schools in the neighborhood with no additional charge. 3. BBC will notify students individually of the availability of these arrangements or teach-out plans and advertise them as such. 4. Submit the list of all students who were enrolled at the time of closure including the amount of each pro-rata refund to all relevant agencies and dispose school records in accordance with state laws.

Withdrawal Calculations

Once the student has been determined by the college to have withdrawn from the course of study, the college will determine if the student received or was entitled to receive Federal Funds from the Title IV Financial aid programs available at the college during the payment period (or enrollment period). If the answer is YES, the college will conduct two distinctive and different calculations. Those calculations are described as follows.

Return of Title IV Funds

This formula determines the percentage of time (scheduled hours) that the student completed of the payment period or enrollment period in a course at the time of the student's withdrawal. This percentage is then applied to the amount of Federal Funds from the Title IV programs that the student received or could have received in the same payment period or enrollment period. The result of this calculation is defined as earned funds. If the student received more than the earned amount, the overpayment is called unearned funds and must be returned to the programs in the following order: 1. Pell Grant, 2. Other Recourse and 3. The student.

If the calculation shows that the student owes funds to the grant programs, the liability of the student is limited to the amount by which the original grant overpayment amount exceeds half of the total Title IV grant funds received by student. A student does not have to repay a grant overpayment of \$50 or less per program. These funds are due from the student within 45 days. If not paid in that time and if the student has not made arrangements with the Department to pay that amount, the student will be referred to NSLDS, a central system that will show the student ineligible for aid until the matter is taken care of by the student.

If the Return of Title IV calculation result in a credit balance on the student's account, the credit balance must be disbursed as soon as possible but no later than 14 days after the calculation of R2T4.

NOTE: If the institution was required by this calculation to return to the programs some of the funds it has collected as tuition payment, the student's tuition account would be adjusted accordingly. Therefore, if the tuition was paid in full, but if the institution returned funds to the programs, the tuition account will show that the student owes that amount returned by the institution to the programs. Those refunds will be paid to the program funds in accordance to the order listed above, limited to the amount of funds that came from each aid program as soon as possible but no later than 45 calendar days after determining the student has withdrawn.

Sample Return to Title IV Example

Student withdraws when he/she was scheduled to complete 45 hours in a 900 clock hours program.

Payment Period		Total Title IV Aid Disbursed	\$2000
Total # of Hours	450	Or Could have been disbursed	
Scheduled Hours to be completed	45		
% Earned	10%	Amount Earned by Student	\$200

The student earned \$200.00 out of the \$2,000.00 disbursed. \$1,800.00 will be returned to Title IV as soon as possible but no later than 45 calendar days after determining the student has withdrawn.

Post Withdrawal Disbursement

If the calculation shows that the student received less aid than what the student earned within the payment period or enrollment period, and then the student would be notified by the institution of the amount of Grant funds used to cover institutional charges incurred by the student, or the available amount from Grant funds for direct disbursement to the student for other educational related expenses. Grants must be disbursed within 45 days. If loan funds are involved in this calculation, the institution will notify the student or parent of the loan amount it wishes to utilize to cover educational charges, the financial aid program where the funds are coming from and the student will be reminded of the responsibilities involved in receiving loan funds within 30 days. The student or parent in the case of PLUS will be given 14 days to respond and accept or reject part or all of the loan funds available. The institution will honor late acceptances only at the institutional discretion. All post-withdrawal disbursements are applied to student account first.

Once this calculation is finalized, the institution will then perform a second and different calculation using the net funds retained (original tuition payments minus amounts refunded) to determine the amount of institutional charges earned by the institution during the payment or enrollment period. That calculation is known as the institutional refund policy calculation.

The Institutional Refund Policy

This is a calculation mandated by the state agency, the accrediting agency or the institution itself. The formula takes into consideration the percentage of the course completed and it applies that percentage or the corresponding brackets to the institutional charges to determine how much the institution earned of those charges, how much was paid toward those charges and finally the amount owed, if any, by the

student to the school or if there is an amount due from the institution as a refund to the Title IV aid program. Those refunds will be paid to the program funds in accordance to the order listed above, limited to the amount of funds that came from each aid program within 45 calendar days from the Determination of withdrawal from school date.

Hypothetical Refund Example

The following table outlines the refund due based on percentage of training completed, using **scheduled hours** (including absences), assuming you paid following:

Total Tuition	Less Registration fee	Less Kit/books	Less STRF fee	Tuition Cost
\$12,582.50	\$150.00	\$1,200.00	\$32.50	\$11,200.00

Tuition Cost	Hours in Course	Hourly charge	Tuition Paid	Hours attended	Tuition owed	Refund due
\$11,200.00	1600 Hours	\$7.00/ Hour	\$11,200.00	600 Hours	\$4,200.00	\$7,000.00

Satisfactory Academic Progress (SAP) Policy

Diamond Beauty College expects all of its students to maintain Satisfactory Academic Progress (SAP) as established by this institution. Any prospective student should read and consider the SAP policy before enrollment. The college's SAP policy is applied consistently to all students enrolled in a specific program and scheduled for a particular category of attendance (part-time/full-time).

The student must:

1. Maintain a cumulative academic average of "C" (70%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (66.7%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).

Regardless of the average level of attendance, students who have more than two consecutive weeks of absences (14 calendar days) will be dismissed. This standard shall apply to all students except those on an approved Leave-of-Absence (see LOA policy). Students who expect to be absent 14 or more days up to 180 days are encouraged to request a Leave-of-Absence. In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. These policies are outlined in the "School Rules and Regulations" section of this catalog on pages 19-21.

3. Complete the course within one and one-half times (150%) the length of the course as defined in the enrollment agreement. For example, a student who enrolls in a 400 hour/ 20 week long Manicuring program must complete within 30 weeks. Any student, who exceeds the maximum time frame, will be terminated. For the purpose of determining the maximum time frame, transfer hours from another institution that are accepted toward the student's educational program are counted both as attempted and completed hours.
4. Students must meet minimum academic and attendance requirements for each evaluation period of the course to be considered as making satisfactory academic progress until the next scheduled evaluation.

Evaluation Periods

SAP evaluation periods are based on actual contracted hours at this school.

Students' compliance with the Satisfactory Academic Progress is assessed as follows (all hours are **scheduled hours completed** and based on actual contracted hours at the college):

Cosmetology (1600 hours, 1.78 academic years): When a student is scheduled to complete 450, 900, 1250 and 1600 hours

Esthetician (600 hours, 0.67 academic years): When a student is scheduled to complete 300 and 600 hours

Grading System

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. All copies of evaluation forms are issued to students upon completion of each increment of the course hours as explained above for students' review. This evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a minimum of "C" (70%) cumulative grade average or practical evaluation to maintain satisfactory academic progress status. The system detailed below is the system

utilized in the school.

Academic Grading

100% - 90% A.....Excellent
89% - 80% B.....Above Average
79% - 70% C.....Average
69% - 60% D.....Unsatisfactory
59% - 00 % F.....Fail

Point Grades for Practical Work

(GPA 4) 4 POINTS = A
(GPA 3) 3 POINTS = B
(GPA 2) 2 POINTS = C
(GPA 1) 1 POINTS = D
(GPA 0) 0 POINTS = F

Attendance Status

Full time: Any student scheduled to attend 24 hours or more per week are considered to be full-time students. Half time enrollment requires a minimum of 12 hours per week. Part-time enrollment is defined as more than 12 but less than 24 hours per week. Less than 12 hours per week is less than half time.

Distance Education Participation

Any student enrolled in courses offered through the institution's distance education program must participate in at least 80% of the required online lectures and/or discussion board. Lack of participation may cause a reduction of the student's grade.

Leave of Absence

Occasionally, students may experience extended personal, medical or other problems which make it difficult to attend class. The institution may allow a student under such circumstances to take a Leave of Absence (LOA) from the program for up to 180 days in a 12-month period. The LOA must be requested in writing by the student and must be approved by the school officer. The LOA request form must be filled out and the date of leave and return must be stated on the form prior to the officer's approval of the LOA.

An institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for its decision and collects the request from the students at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident. Do not request a Leave of Absence unless you absolutely need one. To be granted an approved LOA there must be a reasonable expectation that the student will return from the LOA.

A student on approved LOA that meets these criteria is not considered withdrawn and therefore no refund calculation is required. Students on LOA's will not be assessed any additional charges of tuition. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will be returned to the academic progress status they held prior to the start of the leave of absence. In addition, students returning from a LOA will have his/her maximum time frame to complete the course and the period covered by the enrollment agreement (contract) extended by the same number of days taken in the leave of absence. Contract addendum will be prepared to reflect the changes, which should be initialed and signed by both the student and a school officer. Students who fail to return from a LOA will be considered withdrawn as of the last class day of attendance prior to the start of the leave and the official determination date will be the expected return date of the leave of absence.

The refund calculation will be performed and all refunds due will be issued to the student or appropriate agencies and paid within 45 days of the official determination date.

Academic Progress Warning

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next scheduled evaluation. A student who does not achieve the minimum standards after an SAP evaluation shall be placed on warning until the next evaluation point.

Students on warning status can reestablish SAP if they meet the college's SAP requirement at the next evaluation point.

Academic Progress Probation and Reestablishing SAP

A student who fails to make satisfactory progress after the warning period is no longer eligible for Title IV, HEA program

funds, unless the student has prevailed upon appeal of the determination that has resulted in the status of probation. Students who fail to meet SAP standards during an academic progress warning period will be placed on academic progress probation for one additional evaluation period, if the student prevails upon appeal of a negative progress determination, and if the college determines that SAP can be met by the end of the subsequent evaluation period or the college develops an academic plan for the student, if followed, will ensure that the student is able to meet the college's SAP requirement by a specific point within the maximum timeframe established for the individual student.

Students on SAP probation will be notified by the college that they are no longer eligible to receive additional Title IV financial aid during the probation period. For the students under SAP probation, satisfactory academic progress and financial aid eligibility will be reinstated only after the student has re-established SAP in accordance with the attendance and grading standards indicated in STANDARDS 1, 2, 3 & 4 of SAP standards as described on page 16 of the school catalog. Probationary students who meet SAP by the conclusion of the probationary period will be removed from academic probation and will be considered making SAP and eligible to receive further financial aid.

Probationary students who fail to meet SAP by the conclusion of the probationary period will be deemed not to be making satisfactory academic progress, and may be terminated at the discretion of the institution. In the event a student is terminated due to not making Satisfactory Academic Progress, all policies regarding the institution's refund policy will apply.

Appeal Procedures

Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit a written request to the institution's administrator. The letter should be received within ten (10) days of college's determination and must describe any circumstances related to the student's academic standing, which the student believes to deserve special consideration, such as but not limited to, an injury or illness of the student, death in the family or other special circumstances. The student can attach documentation regarding why the student failed to make SAP and what has changed in the student's situation that will allow him to make satisfactory progress at the next evaluation, such as but not limited to doctor's note, death certificate etc. The administrator shall evaluate the appeal within a reasonable time frame (5-10 days) and notify the student in writing of the administrator's decision. Should the student's appeal be denied, he or she may appear before a school committee to present his or her case. The committee shall provide written notice to the student of its decision within a reasonable time frame (5-10 days). The decision of the committee shall be final. All the results of the appeal procedures will be documented in the student's file. All the copies of student's request and college's decisions will be kept in the student's file.

Reinstatement of Financial Aid Eligibility

Financial aid recipients, who lose their eligibility for financial aid due to unsatisfactory progress or to other forms of disciplinary actions, may have their financial aid reinstated. Conditions for reinstatement include, but are not limited to, the achievement of academic standing consistent with graduation requirements. The student may request reinstatement by writing a letter documenting the reasons the student believes he/she should be reinstated. The school committee reviews such requests after academic advising with the student.

Transfer Hours

Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted.

Re-entering Students

Students, who are re-entering after a period of withdrawal, re-enter in the same academic progress status as when they left.

Course Incompleteness

Course incompleteness, repetitions and non-credit remedial course are not applicable to this institution's form of instruction. Thus, course incompletes, repetition and non-credit remedial courses have no effect upon the college's SAP standards.

Student Clock Hour Policy

The Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period.

You will be given up to seven (**7**) minutes to clock in and receive credit for the quarter (1/4) hour. This seven-minute period applies to starting of the class day. A thirty (30) minute lunch break shall be taken when a student attends a 6-hour class day or more. If you are attending less than a 6 hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break.

Once theory classes have been started no one will be allowed to enter the theory classroom. At the completion of the day, your timecard is prepared from the current weekly timecard. The daily hours and operations earned are added to the totals in the prior column and final totals transferred to the cumulative column.

These cumulative figures are then entered in the prior column on the weekly timecard. The timecard must be signed by the student and the instructor daily. **Instructors may not sign a student in or out and if a student does not clock in or out at lunch, 30 minutes for lunch will be deducted.**
